\*Call to Worship

On this day of Remembrance, O God, we give thanks:  
**For peacekeepers and pacifists, for those who served on the front lines, and those who protest and march; for those who volunteered and those who waited anxiously at home; for those who hoped that things would get better, and those who could not stand by and wait.**

We give thanks for those who believed that the world could be a better place.

**We remember those who paid the ultimate sacrifice, trusting that others could and would carry the torch.**

We give thanks for those who were once enemies who have become friends and allies.

\*Hymn                      For the Healing of the Nations                      VU #678

Opening Prayer

On this day of memory we gather to sing and to pray,  
**we remember the past and look to the future.**

On this day when the guns once fell silent,  
**we come before you God, seeking Your peace.**

On this day of hope in the face of terror,  
**we come before you God, praying with all our hearts -**  
God our help in ages past, our hope for years to come.

**Open our eyes and the eyes of the nations to find a different path through the disagreements of life in this world.**

In this time of story, song, and prayer,  
**may we be re-committed to being people of peace, true peace.**

May we catch a vision of how the world could live together.

And so we echo the old prayers,

**Make us channels of your peace.**

**Let there be Peace on Earth and let it begin with us!**

*With Jesus, we share in the ancient prayer...*

The Response

They shall not grow old, as we that are left grow old.  
**At the going down of the sun and in the morning, we will remember them.**

**\*God Save the King**

God save our gracious King!  
Long live our noble King!  
God save the King!  
Send him victorious,  
Happy and glorious,  
Long to reign over us,  
God save the King.

**Call to Confession**

**Prayer of Transformation and New Life**

**O God of life and death and life beyond life, we confess our love of quick and simple solutions. We avoid complexity in favour of simple and shallow answers. We prefer slogans to solutions. We are too prone to look back after setting our hand to the plough. We do not want to commit to the long haul. When we reflect on our history of the things that make for peace and the things that make for war, we confess that we have resorted to violence instead of the demanding work of seeking just and fair solutions. At other times, we have been reluctant to hold others to account, and have ignored injustice and even cruelty. Forgive us for our unwise use of our own power. Amen.**
